Any question as to the interpretation and application of this regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government.*

If a candidate is absent from or fails to show minimum proficiency at the ordinary session he will be given a further opportunity of examination at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(ii) A selected candidate who wishes to pursue an extra course of study, in addition to the prescribed probationary course, must submit an application, stating precisely the extra course of study which it is desired to pursue, to the Secretary to the High Commissioner for India, Education Department, 42, Grosvenor Gardens, London, S. W. 1, through the appropriate authority at the University or College at which he is pursuing his probationary course. The appropriate authorities are:—

Oxford ..	The Indian Civil Service Delegacy.
Cambridge ..	The Board of Indian Civil Service Studies.
London ..	The Director of the School of Oriental Studies.
Trinity College, Dublin.	The Registrar of the Indian and Home Civil Service School.

* Such candidates will receive no increase to their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

† The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

(iii) An allowance of £300 a year, or, in the case of selected candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of selected candidates on probation for one year, the allowance will be payable in five equal instalments, the first after the agreement prescribed in Annexure-ment (iv) has been executed, the second, third and fourth on December 24th, March 25th and June 25th, respectively, and the fifth after signature of Covenant on appointment to the Service.

In the case of selected candidates on probation for two years the allowance will be payable in nine approximately equal instalments, the first on September 29th or as soon thereafter as the agreement has been executed, the second on December 24th, the third to the eighth at quarterly intervals from that date, and the ninth after signature of Covenant on appointment to the Service.

Each selected candidate should intimate to the Secretary to the High Commissioner for India, Education Department, the address to which it is desired that the first instalment should be sent.

The payment of the various instalments of the allowance except the first instalment and the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

If an Indian Government scholar becomes a selected candidate for the Indian Civil Service, his scholarship-stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1931, with a view to a possible reduction with effect from the first instalment payable to candidates selected in that year.

(iv) Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of—

(1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(vi) A first-class passage to India will be engaged for selected candidates with a view to their proceeding to India after they have signed their covenants.

If a selected candidate elects to travel overland from London to Marseilles, he may apply to the High Commissioner for India for payment of the overland allowance as fixed from time to time. No baggage expenses or other allowances will be admissible.

Selected candidates who desire to make their own arrangements for proceeding to India must first satisfy the High Commissioner for India that they have good reasons for wishing to do so and that the arrangements which they propose to make are suitable. They will then, on production to the High Commissioner for India of evidence that they have engaged a passage, be granted an allowance not exceeding £65 or the actual cost of the passage by the route selected, whichever is less.

(vii) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (10) of the regulations.

(viii) A candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general, a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.

(ix) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

No. 1640.—

REVISED MEMORANDUM AND RULES RELATING TO ANTI-RABIC TREATMENT.

APPENDIX I.

Memorandum of information for the guidance of patients desiring to undergo anti-rabic treatment.

Patients when bitten by an animal which has since disappeared or been killed, should, if rabies are suspected, immediately undergo anti-rabic treatment. In other cases they are advised to consider the following points before deciding to undergo treatment:—

(i) A rabid animal may be furious or it may be paralysed;

(ii) An animal may be rabid without being afraid of water;

(iii) An animal is never infective more than ten days before it becomes rabid;

(iv) Treatment is only necessary in the case of bites which have broken the skin, or when the saliva has come in contact with a fresh abrasion;

(v) The risk of infection has become very small two months after the person has been bitten;

(vi) Never kill the animal until certain that it is rabid, but see it is impossible for it to bite anyone else; if it lives for ten days after biting anyone, treatment is not necessary;

(vii) If a dog is suspected to be rabid, do not wait until the brain has been examined, as a negative result of the examination is inconclusive.

(viii) Whether the dog is suspected to be rabid or not as soon as possible after the bite, the wound should be well washed, dried, and then thoroughly cauterised. The best agent to employ is pure carbolic acid because it penetrates well, quickly destroys the virus, and being a local anæsthetic, only causes a temporary smarting of the wound. If pure carbolic acid cannot be obtained, permanganate of potash (crystals or a saturated solution), pure nitric acid, silver nitrate, etc., will do; but they are not as efficient as pure carbolic acid. The sooner the cauterisation is performed after the bite, the more likely is it to be effective.

2. After it has been decided to undergo a course of treatment, no time should be lost in procuring it at the nearest or most easily accessible treatment centre.

3. Anti-rabic treatment is available at the Pasteur Institute, Coonoor, at all the District Headquarter Hospitals, the General Hospital, Madras, and at the Government hospitals at Tellicherry and Cochin in the Malabar district, at Negapatam in the Tanjore district, at Kodaikanal in the Madura district and at Bhadrachalam in the East Godavari Agency. In the Nilgiris district, treatment is ordinarily given at the Pasteur Institute, Coonoor, and not at the Headquarters hospital, Cotacamund. Treatment is also available at the Mission hospitals noted below:—

4. Those who desire to proceed to the Pasteur Institute, Coonoor, or to any of the Mission hospitals for anti-rabic treatment may do so at their own expense.

5. All treatment at the Pasteur Institute is free, but patients in a position to do so are expected to contribute something towards its up-keep. The course of treatment lasts fourteen days and patients are not laid up, but can go about as usual, having regard to the rules of life recommended.

6. *Information for those who proceed to Coonoor*—(*a*) Coonoor is situated on the Nilgiri Hills about 6,000 feet above sea level and can be reached by the Nilgiri Railway from Mettupalayam in about three hours.

(*b*) Mettupalayam is on the south-west branch of the South Indian Railway and is easily accessible from all parts of Southern India. The Institute is about a mile from the Coonoor Railway station.

(*c*) *Climate*—The temperature of Coonoor ranges between 60° Ft and 75° Ft from March to September and between 40° Ft and 60° Ft from October to February.

(*d*) The rainfall is about 70 inches, the greater part being received during the north-east monsoon in October, November and December.

(*e*) Persons coming from the plains require fairly warm, but not heavy clothing and bedding. Indigent Indian patients will be supplied with blankets.

(*f*) *Accommodation*—There are several hotels and boarding houses which are open all the year round and also a residential club.

(*g*) Europeans and Anglo-Indians are not accommodated at the Institute, but must make their own arrangements for board and lodging, about which there is no difficulty. Persons who

cannot afford hotel rates can find inexpensive lodgings in the town within three-quarters of a mile from the Institute.

(*h*) Well-to-do Indians can find houses in convenient situations, and others can arrange for lodgings and meals in the town. Four quarters are provided in the Institute compound for patients who can afford to pay the rent of 12 annas per day. Indigent patients are accommodated in the free quarters in the Institute compound and will be provided with blankets and cooking pots.

(*i*) British soldiers and their families stay in the sanatorium at Wellington and are sent daily to the Institute in a tonga.

(*j*) Soldiers of Indian Regiments will be accommodated in the quarters in the Institute compound built for them by the Military department.

7. All persons who cannot afford to go to Coonoor and all indigent persons may obtain anti-rabic treatment at any of the other treatment centres provided by Government which is most convenient to them, vide rule 3. Treatment at these centres is free only to indigent persons, that is, persons whose pay or income does not exceed Rs. 50 per mensem, to all Government servants and to families of Government servants on a pay of not more than Rs. 100 per mensem. All others will be charged Rs. 10 for the course of treatment and in addition, the charges incurred on account of any telegram sent to the Pasteur Institute, Coonoor, for vaccine for their treatment; if they are admitted as in-patients, the usual nursing and dieting charges will be levied in addition.

NOTE.—Military Officers and their families who are entitled to free medical attendance under paragraph 403 of the Regulations for the Medical Services of the Army in India, will first pay from their pockets medical, surgical and nursing charges in addition to charges for accommodation and diet at the rates applicable to non-officials. The officers having initially met the charges themselves will then draw the amount from the departmental of the Central Government in which they may be serving.

8. Patients who are sent to the Institute or other treatment centre by or at the expense of private employers, friends or other private persons or associations should be provided by them with the cost of their return journey and also with sufficient money to pay for their food during the course of treatment, which lasts fourteen days. If desired, money for these purposes may be sent to the Director of the Institute or the medical officer in charge of the treatment centre, and this course is strongly recommended in the case of menial servants and illiterate or other irresponsible people.

APPENDIX II.

Rules for the grant of concessions to Government servants and indigent persons not employed in the public service to enable them, when bitten by rabid animals, to proceed to the Pasteur Institute at Coonoor, the District Headquarter Hospitals; the General Hospital, Madras, or the Government Hospitals at Tellicherry, Cochin, Negapatam, Kodaikanal or Bhadrachalam for treatment.

I.—Concessions to Government servants.

'Government servant' in these rules means a Government servant, whether temporary or permanent, paid from Provincial Revenues or from Port and Marine funds administered by Government and includes a member of the work-charged establishment of the Public Works Department, but does not include a Government servant on foreign service or in municipal or local fund service; it also includes a Government servant whose pay is debitable to Central Revenues if he is under the administrative control of the Local Government acting as the agent of the Governor-General in Council.

2. Government servants when bitten by rabid animals may proceed for anti-rabic treatment either to the Pasteur Institute, Coonoor, or to the District Headquarter Hospital or the General Hospital, Madras, or the Government Hospitals at Tellicherry, Cochin, Negapatam, Kodaikanal or Bhadrachalam, whichever is nearest. In the Nilgiri district, treatment is ordinarily undertaken at the Pasteur Institute, Coonoor.

3. Any Government servant who has difficulty in finding at once the means to enable him to proceed to the Pasteur Institute, Coonoor, or any other centre for anti-rabic treatment that is nearest and whose pay does not exceed Rs. 500 a month, may be granted

(i) an advance not exceeding his actual travelling expenses to and from the place to which he is proceeding for anti-rabic treatment, viz., (*a*) a single fare each way by railway of the class by which he is entitled to travel on duty, (*b*) for journeys by road or river the actual cost of transit, not exceeding the amount admissible under the rules. The expenses for the return journey should be paid to the patient after the treatment is finished, by the Treasury Officer of the station on production of a discharge certificate from the medical officer in charge of the inoculation centre where he was treated

(ii) an advance of one month's pay and

(iii) one month's casual leave, provided that if the absence of such Government servant makes it necessary for a substitute to be appointed, the period of absence up to one month may, under orders of the Government, be treated as extra leave on full average pay not debitable to his leave account and not as casual leave. Any further leave required should be leave on full or half average pay, as the case may be, debitable to his leave account.

NOTES.—1. The words "does not exceed Rs. 500 a month" occurring in this rule and the word "pay" occurring in this and subsequent rules should be interpreted as referring to substantive pay as defined in rule 9 (21) of the Fundamental Rules.

2. The grant to inferior servants of one month's leave on full average pay contemplated in this rule is not subject to the usual condition that there should be no extra expense to the Government.

3. The maximum leave admissible to a member of the work-charged establishment of the Public Works Department to whom the concession is extended will be casual leave up to one month, if no substitute is appointed, and leave without allowances if a substitute is appointed. Any leave in excess of one month should be treated as leave without allowances.

4. In the case of Government servants whose pay does not exceed Rs. 50 per mensem, the recovery of the amounts advanced as travelling allowances may be waived. In the case of those drawing over Rs. 50 but not more than Rs. 100, where special circumstances exist the recovery of the amounts advanced as travelling allowances may be waived altogether or in part, if the head of the departmental thinks fit.

4 Temporary compositors, day-extra-piece-work-compositors, day-extra-readers, binders, etc., engaged at daily rates are ineligible for these concessions. But a piece-work compositor on the

permanent establishment who has been bitten by a rabid animal and who is too poor to proceed to the Pasteur Institute, Coonoor, or to the nearest treatment centre for anti-rabic treatment at his own expense may be granted travelling allowance at the rates admissible to ordinary Government servants and an advance of one month's emoluments calculated on the average of his earnings for the previous six months. He will not however be paid any pay or allowance for the period of his absence from duty. If any case arises in which it would be hard for a press employee to repay the whole of the advance drawn by him, the Superintendent may submit it for the special orders of the Finance Secretary to Government.

5. Any Government servant drawing not more than Rs 500 a month, a member of whose family is bitten by a rabid animal and who has difficulty in finding at once the means of sending him or her to the Pasteur Institute at Coonoor or to the nearest treatment centre, may be granted an advance not exceeding the actual travelling expenses admissible under rule 3 (i) plus one month's pay If he does not draw more than Rs. 100 a month, an advance of the travelling expenses of an attendant, if necessary, may be given to a similar amount and subject to the same conditions of recovery (see below) as for the patient. In the case of Government servants whose pay does not exceed Rs. 50, the recovery of the amounts advanced as travelling expenses for the members of their families and for the attendant may be waived In the case of those drawing over Rs. 50 but not more than Rs 100, where special circumstances exist, the travelling expenses advanced for the members of their families and for the attendant may be waived altogether or in part if the head of the department thinks fit.

6. All officers of the Medical, Public Health and Civil Veterinary Departments of whatever class are treated as on duty for the purpose of pay, travelling allowance and pension for the period covered by their journeys to and from the nearest centre for anti-rabic treatment, and their residence at any of the centres provided that they come into contact with rabid or suspected animals while actually discharging their official duties.

7. Government servants drawing more than Rs. 50 per mensem proceeding to the Pasteur Institute or any other centre for treatment should bear the cost of their maintenance both during their journey and while under treatment at the Institute or the inoculation centre. Those drawing not more than Rs 50 per mensem are entitled to maintenance allowance during treatment as well as during the journey to and from the Pasteur Institute or the nearest treatment centre, at the rates of daily allowance admissible to them under the Madras Travelling Allowance Rules The same concession is also admissible to members of the families of Government servants who undergo anti-rabic treatment.

Note.—The menials employed in the Medical, Public Health and Civil Veterinary Departments who are paid from contingencies are entitled to the concessions admissible under rules 6 and 7 above

8. The officers of the Madras Presidency mentioned in Appendix II-A are authorized to grant the abovementioned concessions to Government servants employed under them or subject to their authority.

A-3

9. The despatch of every Government servant to the Coonoor Institute or the nearest centre for anti-rabic treatment should at once be reported to the officer immediately superior to the officer by whom the patient is sent, and by that officer, if he is not the head of the department, to the head of the department. Where the head of the department himself sends the person, no further report will be required. A report should also at once be made direct to the Director of the Pasteur Institute, Coonoor, or the medical officer in charge of the inoculation centre concerned, in the form given in Appendix II-D.

10 The Director of the Institute or the medical officer in charge of the inoculation centre, on production of satisfactory proof of identity and of adequate evidence that the patient, if a Government servant, did not receive an advance of one month's pay admissible to him under these rules as a recoverable loan, may grant to such a Government servant an advance not exceeding one month's pay, intimating the grant to the head of the department to which the Government servant belongs with a view to the recovery of the sum advanced from his pay in not less than three but not more than twelve monthly instalments. The proof furnished by the Government servant will be made a voucher and the charge will be recovered by the Director or the medical officer in charge of the inoculation centre from the officer in charge of the treasury or sub-treasury, who will when necessary, arrange to pass it on to the district concerned. Subject to the same conditions of proof and recovery, the Director or the medical officer in charge of the treatment centre may also make in very special cases a further advance not exceeding half a month's pay to a Government servant who has already received an advance of one month's pay before his departure for the Institute or the hospital, but has run short of funds while under treatment, and may also pay as an advance the maintenance and return journey expenses of Government servants drawing not more than Rs. 50 a month, to the amount admissible under rules 3 (1) and 7. Any of the above advances may also be granted to a Government servant, subject to the above conditions of proof and recovery, if applied for by him on account of a member of his family undergoing treatment at the Institute or the hospital.

11. The discharge certificate to be granted by the Director or the medical officer in charge should be prepared in duplicate; one copy of it should be despatched by him to the Government servant responsible for the original advance, and the other copy should be attached to the bill for the travelling allowance for the return journey which will be presented for payment at the treasury.

12. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the Institute or the treatment centre, and should also be supported by the original intimation received from the officer who is responsible for the original advance. Maintenance charges for days spent at the Institute or the hospital and for the days of the return journey may be advanced on separate bills drawn by the Director or the medical officer in charge of the treatment centre, who will certify thereon the

class to which the patient belongs and the number of days that he was under treatment or that will be occupied in the journey.

13. The travelling and maintenance allowances of Government servants who are paid from Central or Provincial revenues should be debited to a special detailed head viz., "47. The travelling and maintenance allowances of servants of Port and Marine funds administered by the Government should be debited to the funds from which their salaries are met. Any recoveries of overdrawals to be effected in consequence of a Government servant having been allowed travelling allowance in excess of that to which he was entitled will be made by the Accountant-General.

NOTE.—In the case of all Government servants, the charge for the anti-rabic vaccine and for telegrams for receipts will be borne by the Government. The families of Government servants on a pay of not more than Rs. 150 per mensem are also entitled to the concession.

14. All advances made to Government servants under rules 3, 4 and 5 should ordinarily be recovered in three equal monthly instalments as provided in Article 289 (*a*) of the Madras Financial and Account Code, Volume I. But in special cases where it is considered that the enforcement of the rules would cause hardship, the Local Government or the Hon'ble the Judges of the High Court, the Board of Revenue and the officers named below, who have been specially empowered in that behalf, may sanction the repayment of an advance in more than three but not more than twelve instalments :—

24. The despatch of each indigent person to Coonoor or any other centre for anti-rabic treatment at the public expense should at once be reported to the Director or the medical officer concerned in the form given in Appendix II-D. A report should also be sent to the chairman of the municipal council or the president of the local board concerned if the area from which the patient is despatched is within the limits of a municipal town or of a local board; and in every case a report should also at once be sent to the Accountant-General.

The report should state—

(*a*) the amount of travelling allowance (by rail, road or river) advanced;

(*b*) the number of days for which and the rate at which maintenance allowance has been advanced;

(*c*) the charges that should be borne by Provincial revenues or by municipal or local funds.

In the case of persons who of their own accord resort to any centre for anti-rabic treatment, the necessary reports should be sent to the Accountant-General and the local bodies concerned by the medical officer in charge of the treatment centre.

25. The expenses incurred in the treatment of indigent persons should be debited to—

(*a*) Cantonment funds where the person sent resides within the limits of the following Cantonments, viz., Wellington, St. Thomas' Mount, Pallavaram, Poonamallee and Bellary.

(*b*) Provincial revenues in all other cases.

The expenditure under Provincial revenues should be debited to a special detailed head, viz., '47. Miscellaneous—Miscellaneous charges for anti-rabic treatment.'

NOTE.—The term 'expenses' in this rule includes the cost of the anti-rabic vaccine and the charges incurred on account of telegrams to the Pasteur Institute, Coonoor, for the vaccine, but does not include the actual diet charges of persons admitted as in-patients to Government hospitals while undergoing treatment.

26. The Director or the medical officer concerned may make advances to indigent patients who come to the Institute or the treatment centre at their own expense but are unable to maintain themselves or to pay for their return journey. Such advances should be recovered from the local bodies concerned by presenting immediately on completion of the treatment a bill supported by the certificate of indigence produced by the patient as required by rule 15. If more than one indigent patient from the same local area completes the treatment in the course of a month, a consolidated bill to cover all the cases may be sent to the local body concerned. When an apparently indigent patient arrives without a certificate of indigence, the Director or the medical officer in charge of the treatment centre may admit the patient without waiting for the certificate, but he should at once send the name and address of the patient to the chairman or the president of the local body concerned with a request that a certificate of indigence should be sent. The chairman or president should treat such communications as *very urgent* and send a reply to the medical officer concerned before the patient has completed the treatment, i.e., within 14 days of the person's admission as a patient. On receipt of the certificate from the president or the chairman, the maintenance allowance advanced to the patients should be recovered from the local body concerned by presenting a bill as prescribed above. If, on the other hand, no certificate is received from or given by the chairman

or the president, the Director or the medical officer concerned should recover, if possible, the charges from the patient, and if this cannot be done, the possibility of recovering them should be investigated in the following manner :—

The Director or the medical officer concerned should correspond direct with the officers in charge of the district to which the patients to whom advances have been made say they belong, and should ask them to take over for investigation claims in respect of the advances made. District Officers should take over these claims as soon as they are satisfied that the persons who received the advances actually belong to their districts and should inform the Director or the medical officer that they have done so. The Director or the medical officer should then recover the amounts advanced from the treasury producing the District Officer's 'acceptance' as vouchers, and the claims should then be passed on to the provinces concerned to be adjusted as the amounts advanced are recovered or written off under the local rules. Any sum which is found to be irrecoverable after being passed on to a District Officer will be debited to the province concerned as a provincial charge under the head "47. Miscellaneous—Miscellaneous charges for anti-rabic treatment." Otherwise, i.e., if no District Officer takes over the claim, it will be adjusted finally under the same head in the books of the Accountant-General, Madras.

NOTE.—The Director, Pasteur Institute, Coonoor, is also authorized to sanction the debit to Provincial revenues of irrecoverable advances subject to the submission of quarterly returns to Government of such sanctions through the Surgeon-General.

27. With regard to indigent patients who are sent for treatment from the Pasteur Institute to the Municipal Hospital, Coonoor, the Director may, in the first instance, defray the expenses connected with their diet, and, in case of death, of their burial or cremation, as the case may be, and recover the cost in accordance with the procedure laid down in rules 24 to 26.

Delhi, the 19*th December* 1924.

No. 1680.—In the matter of the Charitable Endowments Act, VI of 1890, and in the matter of the Silver Wedding Fund.

Whereas the Fund known as the Silver Wedding Fund (hereinafter called the said Fund) subscribed as an offering to Her Majesty the Queen-Empress as a token of loyalty and affection on the occasion of the 25th Anniversary of Their Imperial Majesties' Wedding was at the request of Her Majesty vested in the Treasurer of Charitable Endowments for the Punjab (by Notification No. 3152 published in Part I of the *Gazette of India*, dated the 25th October 1919) for the purposes therein mentioned.

And whereas by Notification No. 965 published in Part I of the *Gazette of India*, dated the 22nd August 1924, the said Fund as it then existed was transferred to the Treasurer of Charitable Endowments for Bengal for the purposes aforesaid.

And whereas it being found that the said Fund is greater than is required for the purposes set out in the said Notification No. 3152, dated the 25th October 1919, Her Majesty the Queen-Empress graciously intimated her willingness that, subject to the sanction of the Court being obtained, the purposes for which the said Fund should be applied be extended so as to include the purposes set out in the following recital.

And whereas in a suit in the High Court of Judicature at Fort William in Bengal No. 2267 of 1924, intituled Advocate General of Bengal and another *vs.* Captain S. Webb-Johnson and others, it was declared that the objects of the trust in the matter of the Silver Wedding Fund should be "the education and assistance of children and dependants of Indian officers and soldiers (including non-combatants) who rendered military service under the Crown during the Great War or took part or may hereafter take part in subsequent warlike operations." And it was ordered and declared that the defendants, the Administrators of the said Fund, give effect to the objects of the said trust in the manner hereinbefore declared and apply the said fund towards assisting those who come under the said objects as extended by the said decree, and the Administrators of the Fund have accordingly applied to the Governor-General in Council to amend the said Notifications Nos. 3152 and 965.

And whereas the said Fund now comprises the securities and cash specified in Schedule A.

Now in pursuance and exercise of the powers conferred by and by virtue of Sections 4 and 7 of the Charitable Endowments Act, 1890, and any other powers thereto enabling, in supersession of the said Notification No. 3152, dated the 25th October, 1919, and Notification No. 965, dated 2nd August 1924, IT IS HEREBY ORDERED by the Governor-General in Council that the said Fund, which is now vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal under Notification No. 965, dated the 2nd August, 1924, on the terms therein mentioned shall now be vested upon the following terms, that is to say, that the said Fund and the income thereof shall be devoted to and applied for the education and assistance of children and dependants of Indian officers and soldiers (including non-combatants) who rendered military service under the Crown during the Great War or who took part or may hereafter take part in subsequent warlike operations in accordance with the scheme settled by the Governor-General in Council on the application of the Administrators under powers conferred by Sections 5 and 7 of the said Charitable Endowments Act, a copy of which is set forth in Schedule "B" hereto.

3. The Fund shall be applied and employed at the discretion of the Administrators in and for the benefit of those eligible under the said Vesting Order No. 1080, dated the 10th December 1924, in all or any of the following ways :—(*a*) the provision of scholarships of such amounts and to such persons as the Administrators may from time to time (whether on their own initiative or on applications received from Government officers, Imperial or Local Committees or Indian Princes or Chiefs) decide having regard to the special ability of such persons and their suitability in other respects, in the opinion of the Administrators, to receive and hold such scholarships. The scholarships shall be of such amounts respectively as the Administrators shall think sufficient having regard to the circumstances of each particular case to provide fully for the maintenance as well as the education of the recipients and may be granted for education in such institutions as the Administrators may think proper, including, if and so far as they think proper, high schools, art colleges, technical schools and colleges, special military schools and colleges (including schools and colleges for the education of children of Indian officers and soldiers) and in the case of scholarships for technical institutions may, if the Administrators think fit, include such amount as they consider sufficient to cover the cost of initial equipment; (*b*) the payment of money to set up in life the scholars of the said Fund, after completion of their education, e.g., for the purchase of implements or of land for such scholars; (*c*) the assistance of widows of Indian officers who are not in receipt of pensions or widows whose pensions are inadequate.

Rules for the award of scholarships from the Silver Wedding Fund for study abroad.

Two scholarships are awarded each year for training in a technical subject outside India. No applications are invited for these scholarships, but Directors of Public Instruction are at liberty to submit the applications of suitable candidates before the first of January of the year in which they desire to pursue their studies in Europe. The scholarships are of the value of £300 a year tenable for a period of three or four years according to the course of study to be pursued; free second class passages from Bombay to London and back are provided. The scholarships were originally confined to graduates of Indian universities under the age of 22 years, but it has been subsequently decided to consider also applications from non-graduates who are successful in examinations not conducted by a university, and to refrain from laying down any hard and fast rules specifying an age limit. These scholarships are not ordinarily awarded to students to study subjects in which suitable provision for training is available in India. Furthermore, only those students are considered for these scholarships who are brilliant and whose fathers have rendered exceptional services and have very limited means.

DRAFT AMENDMENTS.

For rule 2 of chapter I of the rules framed under section 42 (2) of the Act, *the following shall be substituted* :—

2. *Fixing the amount of grants.*—(1) Inspecting officers may propose for a school a reduction not exceeding 25 per cent of its assessed grant for defects in organization, discipline, instruction and accommodation, also on account of a diminution of the number of school meetings, an undue shortening of the school day or the portion of it devoted to secular instruction, the presence of pupils unprotected from smallpox or insufficiency of funds. Intimation shall be given to the manager at the time of inspection or soon after, of the inspecting officer's intention to recommend a reduction of the grant together with his reasons. They may, on the other hand, propose for a school an increase not exceeding 50 per cent of its assessed grant for the attainment of a high standard of efficiency, more especially for the introduction of any methods of teaching calculated to train the children's faculties and powers of expression and observation, proper attention to physical exercises, and generally any attempt to fit the children for their position in life.

(2) The recommendation of the inspecting officers as regards either the reduction of 25 per cent of the assessed grant or an increase of 50 per cent shall be limited to exceptional cases.

(3) Inspecting officers may propose a decrease of more than 25 per cent or an increase of more than 50 per cent of the assessed grant. Such proposals shall be made in a special report by the inspecting officer to the District Educational Council. Increases of the assessed grant by more than 50 per cent shall be confined to special cases where it is obvious that sufficient funds from other sources are not forthcoming; in particular such increased grants may be made to higher elementary schools and schools for girls. Increases of the assessed grant by 50 per cent or more shall not exceed 10 per cent of the schools admitted to aid.

(4) The recommendations of inspecting officers shall be subject to the orders of the District Educational Council who may on the report of the inspecting officer, or after enquiry, determine the amount of increase or reduction of the grant or withhold it altogether, and take such other measures as the occasion may appear to require, in cases where there has been falsification of registers or misrepresentation regarding the employment of teachers or the attendance of pupils, or any other fraud or irregularity or violation of any of the conditions of recognition and aid.

(5) The grant as determined by the District Educational Council shall be called the assigned grant.

(6) In all cases the payment of grants will be subject to the funds available for the purpose with the District Educational Council.

(7) Subject to the provisions of paragraph (4) above, grants shall be assigned to all schools admitted to aid; grants shall not be assigned provisionally or withheld or paid in arrear. Grants shall be finally assigned to all schools

admitted to aid before the payment of grant is sanctioned to individual schools. Where funds are inadequate, the grants assigned to all schools shall be reduced in the same proportion.

(8) A sanctioned grant may be withdrawn by the District Educational Council at any time before payment and shall not be deemed to be a debt enforceable by suit in a court of law. The President of the Council may, in cases of urgency, withdraw such grants himself in anticipation of the approval of the Council and every such order of withdrawal shall be reported to the Council at its next meeting and the Council shall have power to approve each order or to set it aside in whole or in part.

They are also prohibited from introducing into the examination room any book or portion of a book, slate, manuscript or paper of any description, from communicating with or copying from each other, and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be sent out of the room forthwith, and his conduct will be reported to the Registrar.
